Scientists and Engineers Statistical Data System

2010 NSCG Public Use File

SESTAT is a comprehensive and integrated system of information about the employment, educational and demographic characteristics of scientists and engineers in the United States.

This documentation provides summary information about the variables contained in the **2010 National Survey of College Graduates (NSCG)**.

The documentation starts with a list of variables sorted by SESTAT name. Browse through the list and left-click on a variable name to obtain summary information about the variable. Use the Acrobat Page Navigation toolbar to return to the variable list.

You may print out individual pages or the complete set of summary documentation. Additional information on these variables is contained on the SESTAT World Wide Web site (<http://www.nsf.gov/statistics/sestat/>).
